ABC MEDICAL FACILITY

TITLE OF REPORT (e.g. AORTIC ANEURYSM SCREENING)

Patient Name: John Doe **Age:** 45 **Date of Birth:** August 28, 1958
Patient ID: 123456 **Location:** Chicago **Gender:** Male
Dictating Physician: Frank Smith, M.D. **Test Date:** January 21, 2003

I had the opportunity to see your patient John Doe for consultation on Jan 21, 2003 for his Aortic Aneurysm Screening.

Indications:

Men age 65 or older.
Women age 65 or older with cardiovascular risk factors.
Family history of aortic and peripheral vascular disease.

Examination Protocol:

Transverse images of proximal (near diaphragm) and distal aorta.
Longitudinal images with AP measurements (optional).

Aorta Measurements:

Proximal: 2.1 cm
Mid: 2.7 cm
Distal: 2.9 cm

Interpretation: Abdominal aortic ultrasound was performed with attention to the distal aorta. There is very small dilatation of the distal aortic artery. These findings are borderline for aortic dilatation.

Recommendations: Clinical correlation and repeat examination with sonogram in 12 months.

This paragraph is a fixed paragraph that a client can request at the end of every report.

DD: January 25, 2003
DT: January 26, 2003

TID: 1245342

Frank Smith, M.D.
Professor of Cardiology

MT FEES:

✓ Standard lines: 22 lines x 15¢/line — \$3.30

Total Cost
\$3.30

Net Cost Savings

Cost without Emdat: \$3.30
Cost with Emdat: \$1.68
(PLEASE SEE REVERSE FOR SAMPLE)

\$1.62 difference!
49% reduction!

Indications:

Men age 65 or older.
Women age 65 or older with cardiovascular risk factors.
Family history of aortic and peripheral vascular aneurysmal disease.

Examination Protocol:

Transverse images of proximal (near diaphragm) and distal aorta.
Longitudinal images with AP measurements of proximal and distal aorta.

Aorta Measurements:

Proximal: 2.1 cm
Mid: 2.7 cm
Distal: 2.9 cm

Interpretation: Abdominal aortic ultrasound was performed on 1/21/03. There is very small dilatation of the distal aortic aneurysm bordering the distal aorta.

Recommendations: Clinical correlation and repeat examination with sonograms in 6 months.

This paragraph is a fixed paragraph that a client can request at the end of every report.
