**PLEASE NOTE:** Any recorder that connects to a computer as a "Removable Drive" and records in a standard audio format can be configured and supported by Emdat InSync.

1. The Olympus DS-330, DS-660, and DS-3000 require the Olympus software to be installed.
2. All Philips recorders require the Philips software to be installed.
3. Philips SpeechMike requires software installation and manual InSync configuration.
